### Overview

X was founded on a commitment to transparency. This commitment is part of our effort to serve the public conversation and to increase its collective health, openness, and civility around the world.

X is reflective of real conversations happening in the world and that sometimes includes perspectives that may be offensive and/or controversial to others. The [X Rules](#)<sup>1</sup> are in place to help ensure everyone feels safe expressing their beliefs and we strive to enforce them with uniform consistency. When it comes to enforcing these rules, we are committed to being fair, informative, responsive, and accountable. Read more about our approach to policy development and enforcement philosophy in the [X Help Center](#)<sup>2</sup>.

You can read more about our commitment to eradicating child sexual exploitation [here](#)<sup>5</sup>. Our work to maintain the safety of X in times of conflict can be read [here](#)<sup>6</sup>.

We have a global team that manages enforcement of the X Terms of Service and our Rules with 24/7 coverage in every supported language on X. Our goal is to apply our Rules objectively and consistently. Enforcement actions are taken on content that is determined to violate the X Rules.

[The X Rules](#)<sup>7</sup>, cover violence, terrorism/violent extremism, child sexual exploitation, abuse/harassment, hateful conduct, promoting suicide or self-harm, sensitive media (including
